Recertification Questions:

[Does your course meet San Diego County Emergency Medical Services Authority \(EMSA\) requirements for recertification?](#)

Yes, we are approved by the San Diego County EMS Authority and hold a current Continuing Education Provider Number. We are also accredited by the Continuing Education Coordinating Board for Emergency Medical Services (CECBEMS) to provide NREMT refresher courses. CE hours are automatically approved by San Diego County EMSA and CECBEMS concurrently. Students will be issued a course completion certificate which works for both regulatory bodies. You can verify our credentials by visiting the [San Diego County EMSA](#) website and clicking on the CE Provider List. You can also verify our CECBEMS Accreditation by visiting [CECBEMS](#) and clicking

on the "Providers" link.

[Does your course meet National Registry of EMT \(NREMT\) requirements for recertification?](#)

As a 24 Hour Emergency Medical Technician Refresher/Transition course as defined in the 2009 National EMS Education Standards, approved by the Continuing Education Coordinating Board for Emergency Medical Services (CECBEMS), we meet NREMT requirements for recertification. Please be advised that the NREMT requires additional hours for recertification. You can get further information by going to the [NREMT's Website](#).

[I'm from out of state or hold certification in a state other than California. How do I become certified to practice as an EMT in California or to recertify my NREMT?](#)

The state of California requires that EMTs certified in another state hold current NREMT certification in order to practice as an EMT in California. Our EMT Refresher course meets this requirement. For assistance on recertification requirements in general, please see the San Diego County EMSA website, by [Clicking Here](#).

[How long after passing the course will I receive proof of taking the EMT Refresher Course?](#)

Your course validation certificate will be available immediately upon course completion. Therefore, as soon as you have completed and successfully passed the final examination, you will be issued your validation certificate.

[How do I recertify my EMT Certification?](#)

You may recertify as a California EMT by taking our Continuing Education Coordinating Board for Emergency Medical Services (CECBEMS) Approved EMT Refresher Course. If you are seeking to meet NREMT recertification requirements, you may use our course to satisfy the formal EMT Refresher portion. Our course is a 24 Hour Emergency Medical Technician Refresher/Transition course as defined in the 2009 National EMS Education Standards, approved by the CECBEMS.

[What information will be listed on my certification?](#)

The certification will state the name of the student, training program name and number (as authorized by the state), the program director's signature, and the following topic areas and hours:

Topic Covered	Recommended Length
Preparatory	1.0 Hour
Airway	3.0 Hours
Patient Assessment	7.0 Hours
Medical/Behavioral & Obstetrics/Gynecology	6.0 Hours
Trauma	4.0 Hours
Infants & Children	3.0 Hours
<u>Total Hours Covered</u>	<u>24.0 Hours</u>

[Do you offer the EMT Challenge Course?](#)

NOTE: AS OF OCTOBER 1, 2013, EMS UNIVERSITY NO LONGER OFFERS THE EMT CHALLENGE COURSE

[Does your course include Skills Verification, good for San Diego County EMT Recertification?](#)

Yes, students are provided with a Skills Competency Verification form good for recertification as required by the San Diego County EMSA.

Course Questions:

[How long is the EMT Refresher course?](#)

The course is 24 hours, usually spread out over a period of 3 days. On the last day, you will be required to take a state examination to receive course verification that you can use to meet NREMT requirements.

[What if I fail the exam?](#)

The score to pass and receive your validation certificate is 75%. You are permitted to take the exam a maximum of 3 times prior to being required to take the course all over again. If you must repeat the course, we can offer you a discounted rate. Ask your instructor for details.

[Can you explain what is included in the course?](#)

All classes include didactic, written and audiovisual materials to enhance learning. In addition, there is a written exam required by the state at the end of each course. Passing with a grade of 75% or better is required to obtain your validation certificate. You can see the course summary by [clicking here](#).

[What is the cost?](#)

The cost to take one course is \$250.00. Also, please keep in mind that we promise the lowest price in San Diego for an EMT Refresher Course. In the event that you find a lower price, we will provide an additional 10% off the competitor's price. This way you receive the lowest possible price for your recertification.
